

# Back In '79

## Saxon

It was back in '79\*  
When we rode the mighty tide  
It swept across the world  
We came together  
We never stood alone  
Wherever we did roam  
This legacy of rock  
Would last forever, yeah  
[Chorus:] Show me your hands  
Show me your hands  
Raise up your hands  
Deliver me  
Defenders of the faith

To you this vow we make  
When our backs against the wall  
We'll not surrender  
You may be young or old  
There's no difference at all  
Just raise your glasses high  
And sing our song  
[chorus][chorus] It was back in '79  
When we rode the mighty tide  
The music will go on  
And never die  
[chorus][chorus]
