

# Show Me Heaven

## Delirious?

Here, I am not alone  
There is nowhere I can run to  
On my own  
Here, never from your sight  
You lighten up my darkest hour  
Shine Your light  
You make me wait  
You make me [Incomprehensible]Show me heaven  
Show me heavenHere, I am not afraid  
There is somewhere I can run to  
Here, my dear, shining bright  
No more shadows fall around me  
It's worth the wait  
No, it's not too lateShow me heaven  
Show me heaven  
Show me heaven  
Show me, show meShow me, show me  
Heaven's what I'm living for  
Show me, show me  
(Show me heaven)  
Heaven can I wait no more?Show me, show me what to sing  
(Show me heaven)  
Loving You is the only thing  
Show me heaven
