Pardon My French

Gramatik

Go fuck yourself

We face, one could never say
There's another, way to say the things
It's over, but you'll never be able to ask them what you think
Take this weight

I'm slowly breaking down the walls surrounding us, I'll see what's behind
Doesn't sound what's on the shape
That's around of this place
You better know this

Let's talk about the things that are worth waiting for
And as the good ones
You should feel great to say
Wade through what's in front
You wanna take this weight

We face, what you'll never say
Your a failure
Your another piece of shit, you fuck
For the motherfucking
Take this weight

I'm slowly breaking down the walls surrounding us, I'll see what's behind
Doesn't sound what's on the shape
That's around of this place
You better know this

Let's talk about the things that are worth waiting for
And as the good ones
You should feel great to say
Wade through what's in front
You wanna take this weight

This is another fight but that's a fucked up world
You'll never get this right
You'll watch us fall again

Take this weight

Motherfucker

I'm slowly breaking down the walls let's take this weight
This is another fight but that's a fucked up world

You'll never get this right
You'll watch us fall again
