

He Said Eternity

In This Moment

You're my star, guiding me, I know love
Whispers of a life, in one breath you'd be
Everything I am, you saved me You're the light, in my darkest hour
I'll be fine, with you I can move one
This is our eternity There are no words
To say how proud I am
You're my miracle, my angel You're the light, in my darkest hour
I'll be fine, with you I can move one
This is our eternity I would walk through flames for you, to light a way
I light a path for you, and carry you through life
You're my miracle, my angel You're the light, in my darkest hour
I'll be fine, with you I can move one
This is our eternity
