Don't Fade

Toad the Wet Sprocket

Lead me well, don't clear my way
It's fascinating how the pallor can stay upon your face
When you were light like a little boy
Someone like flying kites and shouting to the world
You're shouting to the world your joyDon't fade, you're staying here with me
Don't fade, I need to know would someone still believesLook around, see for yourself
He led us down, at the water's edge we knelt
Petals in the lake and red upon my face, she's crying as we pray
And it all comes down to money again
How could you forsake the love of God that way?Don't fade, you're staying here with me
Don't fade, I need to know that someone still believesDon't fade, you're staying here with me
Don't fade, I need to know that someone still believesDon't fade
Need to know, need to know
Just don't, don't, just don't
Need to know someone still believes
Do you still believe as I still believe?
