Happy Stay

Buck-O-Nine

your days of sorrow will soon be gone
but don't worry now it won't be long
we'll make you happy we'll make you stay
you won't get out of here any other way
sign your name on the doted line
because right here is where you start doing your timethe seclusion rooms where you'll stay
for the first seven days 'till we think you're ok
your actions will be charted
everything you do
your doctor will be here to talk to you in personyou've been diagnosed as a chronic depressant
no control of your mind
a disturbed adolescent
pitty and sorrow seem to rule your world
life's vicious circle has taken it's twirl
