

Yesterday's Men

Madness

An insolent speck of youth
Being taken for a walk
So tightly by the ear
That he can hardly talk
Yesterday's men hang on to today
To sing in the old fashioned way
It must get better in the long run
Has to get better in the long run
A metropolitan marathon
(Marathon)
Has been held today
But who you need to catch
Will be coming the other way
Yesterday's men hang on to today
To sing in any old way
It must get better in the long run
Has to get better in the long run
Because when you're told to start
How far can you go?
When your race is run
And you already know
Because when you're told to stop
How far will you go?
When your race is run
And you already know
Yesterday's men hang on to today
(Hang on)
To sing in any old way
It must get better in the long run
Has to get better in the long run
Will it get better in the long run?
Will we be here in the long run?
Yesterday's men hang on to today
(Hang on)
To sing in any old way
It must get better in the long run
Has to get better in the long run
Will it get better in the long run?
Will we be here in the long run?
Hang on in the long run
