

# Born in a Flash

## Mother Mother

Photograph  
Lookin' down at me,  
I'm lookin at the past.  
Something about my family in  
High contrast,  
Something about my infancy in  
White and black,  
Something about my memories in a  
Photopgraph,  
A portrait of the past.Born in a flash.Polaroid  
1954 it was a Polaroid  
55 through 56 were undestroyed  
Daddy was an anarchist  
We can't afford  
Somebody catching wind of this here.  
Polaroid,  
A portrait of before.Born in a flash,  
Born in a flash,  
A little piece of the past,  
Born in a flash.
