My Heart's Desire

Kane

She knows the words are cold but her heart's on fire
Trapped by these walls of steel in a world on fire
Crushed by her words so true, torn by her eyes so blue
And my heart's desireRun from the darkest moon and take me higher
Just let it go, let it flow, let it speak till you know that I'm on fire
And turn when you cannot see the truth here, inside of meAnd I, I, I, I, whoa, oh, oh
I'll see you when you're here, whoa, oh, oh
And I, I, whoa, oh, oh
I'll see you when you're here, whoa, oh, ohSo tear down these walls of pain and take it higher
So let it come, let it come, just let it speak from the heart 'cause I'm on fire
Run when you cannot stay, just run when you cannot stay'Cause I, I, I, I, whoa, oh, oh
I'll see you when you're here, whoa, oh, oh
And I, I, whoa, oh, oh
I'll see you when you're here, whoa, oh, ISo let it come down, just let it come down
Oh, I and oh, I, whoa, oh, oh
I'll see you when you're here, whoa, oh, oh
I, yeah, yeah
