

Get Your Boof On

Bliss n Eso

ah, put that away darling, goodness gracious
you going to embarrass me in front of this lot
It's certainly fine darling. Is my bow tie on properly?
good, good, good. Ahem, mic check Now Ladies and Gentlemen
hurry now to your seats the shows about to begin
and my word you're in for a treat.

Buckle up your belts now.

Hold on to your knickers at all costs
as we welcome you to part 2 of pigs in a porn trough.

[Rapper 1]

It's like my life's a song and everyone knows that if my
lights are on then everyone's home
and that's a serious shindig a guaranteed fix
cause even 20/20 motherfuckers haven't seen shit
I want the fans and my show to put the mosh in pit
Barbecuing with my crew chillin' off my tits
with a maid that'll slave cook and wash my dick
in a house that I own didn't cost me shit

[Rapper 2]

So just bounce, we up in the club bumper to bumper
I just wanna jump in the bunker and hump her like thumper
and misses Permie's ass wouldn't stop buzzin and shakin
I wanna take her to the shed (for hot lovin relations)
Just let the touch of fudge spillin out the top of your bridges
I wanna put you on a plate and suck you up with a biscuit
The twisted man on the job when you aint lovin her right
Perverted poetical plumber that's plugging her pipe
