Busta Rhymes

I do it like a movie
My life is a movie
All my jeans are stacked up
All my bills is Gucci
Motion picture swag ho Explain
My fit blend like a smoothie
I do it like a movie
Cuz my life is a movie
Do it like a movie
My life is a movie

All my jeans are stacked up
All my bills is Gucci
Motion Picture swag ho
My fit blend like a smoothie
My life is a movie
My life is a movie My life is a movie
Chill just a little bit, damn ho
Sorry lil homie, youse a has-been
Played out nigga, Hasbro
Bitch Im Marlin Brando
Yall niggas sweeter than a mango
Yall corny niggas always talk yall shit
But yall only remind me of an asshole
Baby girl get up on that damn pole
And tell your friend hatin is for losers
Drop ya nigga off in a manhole
You love the way I move my George Lucas?
Bone chillin til a nigga kill nerves
Yall know I spit scripture
When I talk I make a nigga feel words
3D motion picture
Took shorty back to the crib, she balked
Couldnt even find a description
Ballroom-sized living room bitch
Light show science fiction
Movie premiere show time
Yall niggas know the way we move in
All day every day red carpets

Focus your lens, zoom in! I do it like a movie
 My life is a movie
 All my jeans are stacked up
 All my bills is Gucci
 Motion picture swag ho Explain
 My fit blend like a smoothie

 Bitch I think Im Spielberg
 More like a documentary
 Cuz aint no movie this real
 So sick and cant get wet
 Bitch I think Im Denzel
 Get them hands in the air when I shut down the show
 Hop of the stage and I get in and go
 Not one of these niggas can fuck with my flow
 Im hot as the sun you be cold as the snow
 Bad bitch in my room thats action
 I honk her to come in no traction
 And they gonna keep goin til I yell cut
 If you didnt know muthafuck then what? I do it like a movie

Bitch you know who the boss is
Betta get yo hands up off this
Suffocate your shine, vacuum
Why most niggas still wanna hate?
Im bigger than they bitch in the bathroom
Whole case lime, tell em everytime
Yall already know what the flash do
When the diamond gleam and I never flick up on it
Blinding everything thing when I pass through
Do you really know what the cost is?
Buggin when you take a look at all this
Dont ever count money I just look up in them contracts
A million dollar deals and it all saysI do it like a movie

All my jeans are stacked up
All my bills is Gucci

Cuz my life is a movie
