

Ode to Madonna

Zolof The Rock & Roll Destroyer

I don't quite know where the Mojave desert is located
But I do know that Madonna gave an excellent performance
On that day, in that place, just for me dressed in black
I swear to God I'll die, I want to take her to the prom So what its okay, its M A D O N N A
No way, its, wait up, without you life is so blas Dream, I have a dream, I have this dream
See, I see us lying lasciviously in the lush
Just like two carefree cowpokes on a hill with lots of grass
The grass is soft, the air is warm
You dress in clothes of black as I recite didactic prose
