

# When I Close My Eyes

Shanice

Yeah, yeah, yeah  
Darlin', here we are again  
Right about now, there is a need to tell you what I'm feelin'  
I'm so grateful to have a man like you who knows what to do  
And makes me feel like a woman should, oh, yeah  
When I close my eyes I break down and cry  
It's somethin' 'bout the way you love me  
The thought of your kiss, my heart can't resist  
It's all about the way you love me  
Never thought that I would find, so much peace of mind  
In every moment that I share with you  
Some sometimes I don't know why we fell so deep in love  
But then it all comes back to me because  
When I close my eyes I break down and cry  
It's somethin' 'bout the way you love me, yeah  
The thought of your kiss, my heart can't resist  
It's all about the way you love me  
When I'm  
(I'm)  
With you  
(With you)  
I feel so good  
(So good)  
No one loves me like you do  
(When I close my eyes )  
When I close my eyes  
(My eyes)  
I break down and cry  
  
(I break down and cry  
It's somethin' 'bout the way you love me  
The thought of your kiss  
(Your kiss)  
My heart can't resist  
It's all about the way you love me  
(Yeah)  
When I close my eyes  
(When I close my eyes)  
I break down and cry

(I break down and cry)  
It's somethin' 'bout the way you love me  
(It's somethin' 'bout the way  
The thought of your kiss  
(Your kiss)  
My heart can't resist  
(Resist)  
It's all about the way you love me  
(It's all about the way you love me, yeah)  
When I close my eyes  
(My eyes)  
I break down and cry  
It's somethin' 'bout the way you love me  
( 'Bout the way you love me)  
The thought of your kiss  
(Your kiss)  
My heart can't resist  
(Resist)  
It's all about the way you love me  
(It's all about the way)
