Still

jj

I got summer on my mind,
nowhere else though
lord take me downtown or to you
people show me love but I can't take it
what I said was true
real pain, can't fake itstill they wanna be with me
still they wanna live with me
still they wanna feel like me
still I can't believe it's metime you spend on me
I spend mine on being free
on a flight to NYC
I see you when you see meI wonder why, why you have to lie
when you've seen me cry
when you've seen me shy
when you've seen me high
when you will see me diewhere we from, you don't know
you will know where we will go
yeah I'm here, where are you?
there's nothing you can't dowe up in here with one thing on our mind, let's leave with something
then we play still dre, my way, all day, in beats by dre
then we go and get buzzed, get drunk, get crunk, get fucked upI am S/Y, no lie, at least you get to witness
kill so many songs, you'd think I have a hitlist
that's Drake, well we love young money business
cause we're young and we get money
