Gravity

Atb

Gravity, it takes hold of me
It takes me unwillingly away from you
Paradise, it?s more than a role of dice
Are we willing to pay the price
Can we be true?

For a while are we willing to really smile
?Cause I can?t read this borrowed style
Searching for you
As I go promise me I will know
The moment I see you so I know what to do
I know what to do
When it?s you, you?

The light poors into my heart more
As you come into view more
It?s perfect
It?s all I could ask for
Beautiful
As you come into view more

For a while are we willing to really smile
?Cause I can?t read this borrowed style
Searching for you
And as I go promise me I will know
The moment I see you so I know what to do
I know what to do
When it?s you

I know what to do
When it?s you

The light poors into my heart more
As you come into view more
It?s perfect
It?s all I could ask for
Beautiful
As you come into view more

Gravity, it takes hold of me

It takes me unwillingly away from you
Paradise, it?s more than a role of dice
Are we willing to pay the price
Can we be true?
