

# Got It From

Dave B.

[Verse 1]

I been stuck in my ways  
Someone showed me a good time  
The way it course through my veins  
I swear to God, this the good life  
And every time we come down  
We both'll run that shit back  
And she don't wanna go home  
She wanna live in my lap yeah[Pre-Hook]  
If we fall, we gon' fall for a reason  
Got me on call all weekend  
Only here for me when you gone  
No I can't really stand to be alone  
And it feels so good, I'm out of my mind  
Baby girl jump on me like the WiFi  
Saying not so bad for a good guy  
I'm not so bad, what it look like?[Hook]  
They get me upload, that's all I want  
Money gon' work for me, all it wants  
This for the fam, I ain't gotta front  
Say I'm so cold, where I got it from?  
All that ass, where you got it from?  
She know to never ask where we got it from  
Way too brash, where you got it from?  
Yeah, where you got it[Verse 2]  
I give shit when I don't get my way, I throw fits and I lit this  
And I just need this dank, can't  
Look shawty shawty, kitchen kitchen  
Bending business before we ever did it  
Gon' be here long after long as I get my fix  
And I been kinda problematic  
But that ass give me visions I just gotta see  
As soon as I do it, I don't trip[Pre-Hook]  
If we fall, we gon' fall for a reason  
Got me on call all weekend  
Only here for me when you gone  
No I can't really stand to be alone  
And it feels so good, I'm out of my mind  
Baby girl jump on me like the WiFi

Saying not so bad for a good guy  
I'm not so bad, what it look like?[Hook]  
They get me upload, that's all I want  
Money gon' work for me, all it wants  
This for the fam, I ain't gotta front  
Say I'm so cold, where I got it from?  
All that ass, where you got it from?  
She know to never ask where we got it from  
Way too brash, where you got it from?  
Yeah, where you got it[Outro]  
I been stuck in my ways  
Someone showed me a good time  
I been stuck in my ways  
I been stuck in my ways
