

# Until You

**Kalan Porter**

I used to be the type who always walked alone  
Never minded being on my own  
I didn't think I was missing much at all  
Wasn't prepared for love, wasn't ready for the fall But now I've found you  
Everything's changed  
Come summer, spring or winter  
My love will stay the same Now I believe in this love I'm living  
You brought me to life with the love you're giving  
Never knew love could be so true until you Captivated in a space  
Brought from far to a brand new place  
You showed me things I never thought could exist  
I don't remember what life was like before we kissed Now that I found you  
Everything's changed Now I believe in this love I'm living  
You brought me to life with the love you're giving  
Never knew love could be so true until you
