Paper Crown

Liam Gallagher

When they gave your roses
And believed your wild excuses
You were sealing the deal
Halfway down the road they made it?
Funny how the ghosts they faded?
Suddenly appear
You went too far
A woman now you're feeling the fear
Cos you're never been alone before
And the wolf is at the door
Now it's better if you hold your breath
And don't look down
At the pages of your paper crown
You reached out for more
And as the waves came at the shore
You felt the fading of the wind
Choke back the methapor
The bottom of the ladder
As the deal never sealed
You went too far
A woman now you're feeling the fear
Cos you're never been alone before
And the wolf is at the door
And the hounds of hell
They won't back down
Of the ashes of your paper crown
In the twilight of the sun
Will you make sure everyone
Can see your face
You make fun of everyone who falls?
In meantime they will say
That you have faced
Cos you're never been alone before
And the wolf is at the door
And the talking's head
Don't make a sound
At the aging of your paper crown
It's better if you don't look down
At the pages of your paper crown
