

# Someone's in the Wolf

## Queens of the Stone Age

Once you're lost in twilights blue  
You don't find your way, the way finds you  
Tempt the fates, beware the smile  
It hides all the teeth, my dear and what's behind them  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever  
He steps between the trees, a crooked man  
There's blood on the blade, don't take his hand  
You warm by the firelight, in twilights blue  
Shadows creep and dance the walls, he's creeping too  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever  
So glad you could stay forever
