

# Sixteen Tons Of Hardware

## BWO

Sixteen tons of hardware  
Sixteen tons of hardware

Every night has got a crowd to cheer  
A show to get things right  
Every band has got a stage to fear  
A kick when the crowd is in sight

Turn on feedback looper super trouper  
Flashes clashing a screen  
Tune in consecrating masquerading  
Ghosts in our sonic machine

We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise

We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise

Digging deep inside a wall of sound  
The cheering of the crowd  
Take me high I'm feeling heavenbound  
The sound when I shout it out loud

Turn on feedback looper super trouper  
Flashes clashing a screen  
Tune in consecrating masquerading  
Ghosts in our sonic machine

We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise

We load sixteen tons of hardware  
Blazing steel and galvanized

We crash fifteen supersonic tanks  
Through the gates of paradise
