## **One Horse Town**

## **Hank Williams III**

Well, my hat's done worn out, my boots are bad
I ain't got a gun but I wish I had
And I'm down in a one horse townMy gal done left me the other day
Said, I didn't bring home enough of that pay
And I'm down in a one horse townBut I'm doin' fine, I'm doin' okay
I think I might get by just one more dayWell, when you get low down, you got nothin' to lose
All you can do is start singin' the blues
When you're down in a one horse townI drank on Tuesday, until I fell down
I woke up on Wednesday and you weren't around
And I'm down in a one horse townBut I'm doin' fine, I'm doin' okay
Think I might get high, just one more day
