

# When Will We Be Married

## Fiddler's Green

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed

You have your eye on Jimmy  
Long Jimmy Lee  
You have your eye on Jimmy  
And a fine man he

You have your eye on Jimmy  
But you'd better let him be  
Because when you go, Molly-O  
You'll be gone with me

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed

You have your eye on Johnny  
Thin Johnny Fee  
You have your eye on Johnny  
And a fine man he

You have your eye on Johnny  
But you'd better let him be  
'Cause when you go, Molly-O  
You'll be gone with me

When will we be married Molly?  
When will we be wed?  
When will we be bedded in the same bed?

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed

I made a black bow for your pretty head  
When will we be married Molly  
When will we be wed  
Made a black bow for your bonny head

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed

When will we be married Molly  
When will we be wed  
When will we be bedded in the same bed
