

# So She Dances (Album Version)

**Josh Groban**

A waltz when she walks in the room  
She pulls back the hair from her face  
    She turns to the window  
    To sway in the moonlight  
Even her shadow has graceA waltz for the girl out of reach  
    She lifts her hands up to the sky  
    She moves with the music  
        The song is her lover  
    The melody's making her crySo she dances  
    In and out of the crowd like a glance  
        This romance is from a-far  
Calling me silentlyA waltz for the chance I should take  
    But how will I know where to start?  
        She's spinning between  
        Constellations and dreams  
    Her rhythm is my beating heartSo she dances  
    In and out of the crowd like a glance  
        This romance is from a-far  
Calling me silentlyI can't keep on watching forever  
I give up this view just to tell herWhen I close my eyes, I can see  
    The spotlights are bright on you and me  
        We've got the floor  
        And you're in my arms  
    How could I ask for more?So she dances  
    In and out of the crowd like a glance  
        This romance is from a-far  
Calling me silentlyI can't keep on watching forever  
    And I'm giving up this view just to tell her
