Middle Aged Crazy

Jerry Lee Lewis

Today he traded his big '98 Oldsmobile
He got a heck of a deal
On a new Porsche carHe ain't wearing his usual grey business suit
He's got jeans and high boots
With an embroidered starAnd today he's forty years old going on twenty
Don't look for the grey in his hair
'Cause he ain't got anyHe's got a young thing beside him
That just melts in his hand
He's middle aged crazy
Trying to prove he still canHe's gotta a woman that he's loved for a long long time at home
Ah but the thrill is all gone
When they cut down the lightsThey've got a business that they spent a while coming by
Been a long uphill climb
But now the profits are highBut today he's forty years old going on twenty
And he hears of sordid affairs
And he ain't had anyAnd the young thing beside him
He knows she understands
That he's middle aged crazy
Trying to prove he still canOh, oh
