

Wilderness

Nick Jonas

Gotta have it
The feeling you give me is savage
But why do we all gotta make it complicated
A modest overrated Can we take it? Take it back to basics?
Oh. We can rob it,
With the moon and the stars up above us
Like a million of years, before we ever got together
A prehistoric treasure Can we take it? Take it back to basics?
Oh, yeah Naked as the day we were born
Did you know it could feel like this
Feel like this?
I'll take your body back, take it back
Take it back to the wilderness, wilderness Let's take it back,
Let's take it back
(Take it back) Before the fire
We discovered desire
There's no use talking just let me hear you breathing
Or I'll overheat it, can we take it?
Can we take it back to basics.
Oh, yeah Naked as the day we were born
Did you know it could feel like this
Feel like this?
I'll take your body back, take it back
Take it back to the wilderness, wilderness Let's take it back
Let's take it back I'll take it back
Let's take it back
I'll take it back (take it back)
(Take it back)
Take it back
I'll I'll take it back (take it back)
I'll take it back, it make it happen Naked as the day we were born
Did you know it could feel like this
Feel like this?
I'll take your body back, take it back
Take it back, to the wilderness, wilderness Let's take it back
Let's take it back
Let's take it back
Let's take it back
Let's take it back Yeah Take it back
