

I Don't Need It Done (Remastered Version)

Dwight Yoakam

Honey you sure do it well but I don't need it done
I know if I did it with you it'd be a whole lot of fun
I'll send my regrets, oh but I won't hedge my bets
'Cause I found a real true love now I don't need it done Baby you sure look fine but I don't need it done
So I won't waste your time, I'll better let you run
I'll just move along no I don't mind wakin' up all alone
'Cause I found a real true love now I don't need it done I don't need it done Lord I don't need it done
Yeah I found a real true love now I don't need it done
I don't need it done Lord I don't need it done
Yeah I found a real true love now I don't need it done Well it's been one long day alright but I don't need it done
You say I could stay all night until the morning comes
Well, it's not easy but I've got to give up all you got
Yeah I found a real true love now I don't need it done I don't need it done, I don't need it done
Yeah I found a real true love now I don't need it done
I don't need it done, I don't need it done
Yeah I found a real true love now I don't need it done I don't need it done, I don't need it done
Yeah I found a real true love and I don't need it done
I don't need it done, I don't need it done
Yeah I found a real true love now I don't need it done I don't need it done, I don't need it done
Yeah I found a real true love and I don't need it done
