## Live A Lie

## **Default**

I can't seem to find out what I feel Burned out dreams of others which I can steal Take or leave this way, I seem to you, it eats right through you Ripped up parts of things I should do I'll run around and tell you, screamingOh I live a lie, oh I live a lie, oh why even try I've been leaving thoughts below Still I feel I should knowStill don't see much of me giving in Much too strong to live outside of these sins Feeling like I'm taken lightly, think you see right through me Words of those that still despise me Think it's eating me, you're dreamingOh I live a lie, oh I live a lie, oh why even try I've been leaving thoughts below Still I feel I should knowWhen I seem to believe all that I've done wrong You can take all that's right, I will still move on Taken all I can give, it seems that I don't belong Push me further from this, go onOh I live a lie, oh I live a lie, oh why even try I've been leaving thoughts below Still I feel I should know
