

# Black Eagle

Janet Jackson

Once you know  
You cannot know Do you know about the black eagle  
Let me tell you about the black eagle  
Strong and powerful  
King of the sky  
Protecting all things with his watchful eyes  
Faithful creature to the most high  
What are the visions that he holds? You never know  
Unless you've been there  
You never know  
Unless you've been there Beautiful soul I haven't met  
A spiritual connection I'll never forget  
Your precious light incredible  
Sharing his love that is meant for us all  
Come out of shadows into the light  
Be free to imagine the future you'd like  
Soaring above all of your boundaries  
Yes the day will come  
Just remember when you're overwhelmed  
Dream and take some time to love yourself  
Believe you're free to do whatever you want  
No no more room #4 You never know  
Unless you've been there I'm singing this love song to show my support  
To the beautiful people who have been ignored  
With blind eyes and cold shoulders attacking them  
Invisible people they won't let in  
Let's open our eyes to the true barrier  
Stereotypical things are the worst  
Stand face to face with the real ugly truth  
How would you feel if that was you?  
Because every life matters  
(We all need to do better)  
So we all should try  
(We all need to do better)  
A smile or kind word  
Or extending a hand  
Helping someone to feel human again  
If we never start  
It could be you on the other end You never know

(We all need to do better)  
You never know  
(We all need to do better)  
You never know You never know
