

The Noisy Days Are Over (Single Version)

Field Music

It's time to get smart
You told me
Said you needn't bother
You can only last for the night
Well you said " Well that's fine"
I can see it's getting on
But I could do with another
So bring the timetable
And your housekeys
And don't forget your name
Or where you live
Or where you live
Or where you liveThe noisy days are over
And here we are instead
Why don't you get to bed like everybody else?
Could you please keep quiet
You asked me
I'm a big boy now and I can take what's coming to me
Ah but what could I say?
We're all getting on
Something's gonna get us before too longCan't you change you tune?
Ooh and sleep in your own room
Say it isn't so
But you can't say nooooooThe noisy days are over
And here we are instead
Why don't you get to bed like everybody else?The noisy days are over
And here we are instead
Why don't you take the???? like everybody else?
The noisy days are over
And here we are instead
Why don't you take the bus like everybody else?I hope that you can keep it up
I hope that you can keep it up
I hope that you can keep it up
I hope that you can keep it up
