XXZXCUZX Me

Crystal Castles

We can insist on havoc
Bring me tools, bolts are intact
You said, "leave me for dead"
How can you love?
program the head.We get so fed up with it
Nuts and bolts for granted
lie like a dog, tear the body, let it pray.
As your bodies fall apartRobotic love, I'm programmed to rust
AIDS robot is grinding iron bolts
Robot hunks have one agenda
They wanna play with my placenta
Are we now deserving
When our cyborg parts are burning?I know we're just diseased, a bloody cyst
Where will you live?
What will you die for?
Sex is killing me
