Nothing Left To Show

Hawk Nelson

Life is just a lineup
Tell me when my time's up
Too much on my mind today
There's so much left that I would like to sayWhen I start to climb up
Will you pull my line up or am I just in the way?
I think about it every single day
I think about it every single dayFix us 'cause we keep falling apart, just keep falling apart
We're tired of being alone
Fix me 'cause I keep falling apart, just keep falling apart
Will someone find me?Life is just a lineup
Tell me when my time's up
Too much on my mind today
There's so much left that I would like to sayWhen I start to climb up
Will you pull my line up or am I just in the way?
I think about it every single day
I think about it every single dayFix us 'cause we keep falling apart, just keep falling apart
We're tired of being alone
Fix me 'cause I keep falling apart, just keep falling apart
Will someone find me?Now I feel like something's going on
I feel like something's going on
Now I feel like something's going on
Now I feel like something's going onNow I feel like something's going on
Now I feel like something's going on
Now I feel like something's going on
Now I feel, ohhNow I feel like something's going on
I feel like something's going on
I feel like something's going on
I feel somethingFix us 'cause we keep falling apart, just keep falling apart
I'm tired of being aloneFix us 'cause we keep falling apart, just keep falling apart
We're tired of being alone
Fix me 'cause I keep falling apart, just keep falling apart
Will someone find me?
