

# Well Versed In The Ways Of The World

## This Providence

they hold it all together as i stand back in envy  
is there a hurting heart behind that smile?  
a world of hurting hearts  
a few broken generations  
"it's not safe, stay away from  
follow me's are everywhere  
in a world that lacks commitment  
you very quickly learn to justify your actions so follow the truth"  
but it seems like they've got it all and all i have is you  
they've got it all i have is you. wait  
how can i entertain these thoughts of a life with out you?  
i'm loosing my mind and with that the love of my life  
i step out my door to a beautiful day  
and a world full of hate but i still hold on to a hope for you and me  
yeah i still hold on to this foolish hope  
take it or leave it it's only a matter of life or death
