

Sorry

Grace Jones

Sorry, jealousy, sorry, so sorry

I was so full of jealousy, so full of jealousySorry, jealousy, sorry, so sorry
I was no good in jealousy, no good in jealousyHe's here, oh honey for just a day

I'll find a way to get away

No matter what you say, hey heyHe's here, oh honey for just a day

He's coming from so far away

For just a day, a day, hey heyI don't want to deceive you

But tell me how can I be true

When all the jealousy

Keeps me from telling it all to youSorry, jealousy, sorry, baby so sorry

I was so full of jealousy, so full of jealousySorry, jealousy, sorry, baby so sorry
I was no good in jealousy, no good in jealousyHe's here, oh honey just once a year

That ain't so much for you to bear

That ain't so much to share, now thereHe's here, oh honey just once a year

You got my lovin' right here

Prepare, prepare, now thereNothing is never the same when you're sorry

I'm really sorry for your jealousy

Keeps you from knowing another side of me

He loves me too and he's not jealous of youSorry, jealousy, sorry, baby so sorry

I was so full of jealousy, so full of jealousyBaby sorry, jealousy, sorry, baby so sorry

I am so full of jealousy, baby so full of jealousySorry, jealousy, sorry, jealousy

You're so full of jealousy
