

Who (Will Take My Place) (LP Version)

Dusty Springfield

(charles aznavour / herbert kretzmer)Who, when my life is through?

Who will know the joy

I have known with you?

Who will touch your face?

Sleep in your embrace?

Who will take my place

When I sleep alone?Who, when the day is done?

Who will hold the hand

Of my only one?

Who will climb the heights?

Finding in your nights

All those wild delights

Only I have knownYou say you'll always love me

Time has another claim

Why do the gods above me

Play the cynical game?
