

Bad Thing

Cry Of Love

Just a new way you got over me

You got it all wrong

Just a new song

That I gotta sing

You got over me

Just a new way

Just a new way

End of the line

You're rollin' away

And stop on a dime

God you're so wrong

When you wanna play

But way down inside

You want to stop while you're playin'

No more of a bad thing

No more of a bad thing

No more of a bad thing

No more, no more, no more

Find a new way

Got a new ride

It won't take too long

Found a new thing

It's better with time

You know I'll be fine

I'll take you there if you say you're mine

No more of a bad thing

No more of a bad thing

No more of a bad thing

No more, no more, no more

Just a new way you got over me

You got it all wrong

Just a new song that I gotta sing
