Battle Scarred

This is the jamming on the dance floor
Another jamming on the dance floor
This is the jamming on the dance floor
Another jamming on the dance floor This is the jamming on the dance floor
Another jamming on the dance floor
This is the jamming on the dance floor
Another killing on the dance floor This is the jamming on the dance floor
Another killing on the dance floor This is the jamming on the dance floor, yeah
Another killing on the dance floor Yeah, we kill them
Another killing on the dance floor This is the jamming on the dance floor
Killing on the dance floor Just the killing on the dance floor Jamming on the dance floor This is the jamming on
the dance floor
Killing on the dance floor
Another killing on the dance floor
Jamming on the dance floor Another killing on the dance floor
This is the jamming on the dance floor
Another killing on the dance floor
Jamming on the dance floor You want more?
Okay
Yeah! Killing on the dance floor
This is the jamming on the dance floor
Another jamming on the dance floor
Yeah, we kill them Just the killing on the dance floor
