

# Carry Me To The Cross

## Kutless

When the path is daunting  
And every step exhausting  
I'm not alone  
I'm not alone, no, no  
I feel you draw me closer  
All these burdens on my shoulder  
I'm not alone, I'm not alone  
You pull me me from this place

Hallelujah  
You carry me every day  
You carry me all all the way  
Hallelujah  
You carry me to the  
You carry me to the cross

How your love has moved me, yeah  
To the foot of all your glory  
I'm not alone, I'm not alone  
I'm not alone

Hallelujah  
You carry me every day  
You carry me all all the way  
Hallelujah  
You carry me to the  
You carry me to the cross

All of these cities you have built  
And every cathedral you have filled  
To all of creation you gave life with your hands  
And with those hands you comfort me  
You lift me up from my knees  
And carry me  
You carry me

Hallelujah  
You carry me every day  
You carry me all all the way  
Hallelujah

You carry me to the  
You carry me to the cross  
The cross  
You carry me to the  
You carry me to the cross
