

# Issues

## Sharissa

It seems like I'm always mad at you  
And it's always something you did or something that you didn't do  
And I'm always telling you that you could leave  
And from the minute you walked out, it doesn't feel right to me  
Everybody wants that perfect love, oh yes, they do  
But I'll take you and all your imperfections  
Your love is like an oven  
And sometimes I don't know what to do  
You got issues but I miss you  
All I'm saying is you got a lot of stuff with you  
Yes, you do, yes, you do, yes, you do, yes, you do  
You got a lot of stuff with you, yes, you do, yes, you do  
My friends always express their doubts  
So the more we stay together give them something to talk about  
And even though I know you're not well to do  
And you don't have a lot of money but you sure got a lot of use  
Everybody wants that perfect love  
But I'll take you and all your imperfections  
Your love is like an oven  
And sometimes I don't know what to do  
You got issues but I miss you  
All I'm saying is you got a lot of stuff with you  
Yes, you do, yes, you do, yes, you do, yes, you do  
You got a lot of stuff with you, yes, you do, yes, you do  
Your love is like an oven  
And sometimes you got issues but I miss you  
You got a lot of stuff with you  
Yes, you do, yes, you do, yes, you do  
You got a lot of stuff into you, yes, you do, yes, you do  
Love is so hard to come by  
A good friend and a peace of mind, baby  
Keep on loving me, the other stuff can pass by  
You're not perfect all the time  
But Lord knows you're the perfect kind  
Your love is like an oven  
And sometimes you got issues but I miss you  
You got a lot of stuff with you  
Yes, you do, yes, you do  
Your love is like an oven

You got issues but I miss you  
You got a lot of stuff with you  
Yes, you do, yes, you do  
Your love is like an oven
