

Take My Hand

Poncho

Sometimes I feel like everybodyâ€™s got a problem.
Sometimes I feel like nobody wants to solve them.
I know that people say weâ€™re never gonna make it.
But I know weâ€™re gonna get though this

Close your eyes and please donâ€™t let me go.
Donâ€™t let me go.
Close your eyes donâ€™t let me let you go.
Take my hand tonight
Letâ€™s not think about tomorrow.
Take my hand tonight.
We can find some place to go.
Cause or hearts are locked forever.
And our love will never die.
Take my hand tonight one last time.

The city Sleeps and weâ€™re lost in the moment.
Another kiss as weâ€™re lying on the pavement.

If they could see us they would tell us that weâ€™re crazy.
But I know they just donâ€™t understand

{chorus}

Close your eyes and please donâ€™t let me go.
Donâ€™t let me go.
Close your eyes donâ€™t let me let you go

{chorus}

The rain drops, the tears keep falling.
I see your face and it keeps me going
If I get lost your lightâ€™s gonna guide me.
And I know that you can take me home.
