Possessed

Robert DeLong

[Verse 1]
Chain me, buy me, set me free
Make me stay or let me leave
Always something up your sleeve
Jesus Christ, you're killing me[Verse 2]
Say you won't then say you will
Fabricate what I should feel
Drink your disco, take your pill
Tell me, are you even real?[Pre-Chorus]
Head or heart, friend or enemy
From the start, you're the enemy
In my mind, mind-controlling me
Thousand volts of your insanity[Chorus]
You got me possessed, possessed by you
You got me possessed, possessed by you[Verse 3]
I feel you inside my bones
Your salvation overload
Swimming through your chemicals
Jesus Christ, I might explode[Pre-Chorus]
Head or heart, friend or enemy
From the start, you're the enemy
In my mind, mind-controlling me
Thousand volts of your insanity[Chorus]
You got me possessed, possessed by you
You got me possessed, possessed by you[Bridge]
I'm in your lucid dreams
You control everything
I'm in your lucid dreams
Come take control of me[Pre-Chorus 2x]
Head or heart, friend or enemy
From the start, you're the enemy
In my mind, mind-controlling me
Thousand volts of your insanity[Chorus]
You got me possessed, possessed by you
You got me possessed, possessed by you
