

Adore

Alex Parks

Lose me, do you see me?
Round and round once more
I do adore you Are you beneath me? I see you
Release me, pain's a bore
But you live inside me Feel it once again
When I know you're hurting
Know your selfish ways Won't you risk yourself on me
'Cos I'm an unwanted release, release
Are you feeling once again You bruised me, I felt you leave
Not my fault that I fell so hard onto you
Did I scare you? Are you my phantom girl?
When will I see you I ache
When I feel you await
Have you heard I adore you I feel it once again
And I know you're hurting
Know your selfish way Won't you risk yourself on me?
'Cos I'm an unwanted release, release
Are you, are you, are you? Living safe and sound
Try and lay you down
'Cos I can't get around I feel it once again
And I know you're hurting
Know your selfish way Won't you risk yourself for me
'Cos I'm an unwanted release, release
Are you? Lose me
Do you see me?
