

Christian Woman

Type O Negative

{Forgive her
Pushing down is not what she does}
A cross upon her bedroom wall
From grace she will fall
An image burning in her mind
And between her thighs
A dying Godman full of pain
When will you come again ?
Before him beg to serve or please
On your back or knees
There's no forgiveness for her sins
Prefers punishment
Would you suffer eternally
Or internally ?
For her lust she'll burn in hell
Her soul done medium well
All through mass manual stimulation
Salvation
God must be scared
She needs
God must be scared
God must be scared

God must be scared
She needs
God must be scared
God must be scared
Body of Christ
She needs
Body of Christ
Body of Christ
She'd like to know God
Love God
Feel her God
Inside of her, deep inside of her
She'd like to know God
Love God
Feel, feel, feel her God
Inside of her, deep inside of her

Inside of her, deep inside of her
