

# Tell Me I Was Dreaming

Travis Tritt

1st verse:

When I woke up this morning  
Wiped the sleep from my eyes  
Found a new day dawning

And suddenly I realize You're gone Chorus: Tell me I was dreaming

That you didn't leave me here to cry  
You didn't say you don't love me anymore  
And it was just my imagination telling lies

Tell me that you didn't say goodbye 2nd verse: I'm in a state of confusion

I hope things aren't what they seem  
If this is really happening  
Just let me go back to dream  
You're home (chorus)  
(solo)  
(chorus)
