

# The Bottle

J.K. Coltrain

She picks up the bottle  
and fills up her glass  
She drinks till shes throttled  
the pain from her past  
Shes bent on forgetting  
his face and his name  
As the candles burn down  
She says here's to old flames  
Chorus: Till she reaches for the bottle  
she dont reach for me  
Its the only way she gets him  
Out of her memory  
She only lays the torch down  
When she picks up a drink  
Till she reaches for the bottle  
She dont reach for me I know it aint likely  
I can smother that flame  
But I love her so much  
Ill try just the same  
I'm more man than him  
Why cant she see  
That till she reaches for the bottle  
She dont reach for me  
Chorus: Till she reaches for the bottle  
she dont reach for me
