

# Hidden Treasure

Tommy Coomes

Take a walk down by  
Take a walk down by the river  
There's a lot that you  
There's a lot that you can learn  
If you've got a mind that's open  
If you've got a heart that yearns  
If you listen to  
If you listen to the water  
You will hear the sound  
You will hear the sound of life  
There's a million different voices  
There is happiness and strife  
Message in the deep  
From a strange eternal sleep  
That is waiting there  
That is waiting there for you  
Like hidden treasure  
If you listen to  
If you listen to the water  
You will hear the sound  
You will hear the sound of life  
There's a million different voices  
There is happiness and strife
