Advisory - the following lyrics contain explicit language:

Listen to all this all you douchebags
it's time that we laid down the law
we're tired of taking your shit
and we ain't 'gonna take it no more
be prepared to fight and die
so that we may be free
and if you don't like it here
than pack your shit and leave
our forefathers died in war
so that you could live better
we at least owe it to them
to keep the stars and stripes foreverPlanting bombs in planes
blowing up our ships
kill our kids and woman
find these dickless slobs
hang them by the scrotum
lets end the terrorismYou think yourself a god
would follow to the death
a spineless yellow faggot
a bunch of stinking slobs
hiding behind masks
show yourself 'ya maggotUnited we stand
divided we fall
and that's the way it's gonna be
don't ever forget the soldiers
who died for libertyAll the bullshit countries
who think they'll beat the giant
world peace upheaval
we'll nuke 'em to the stone age
send the message clear
ya don't fuck with the eagle
