

Mind Over Matter

Saga

So what's the problem?
You say you care
When I really need you
You're not there This isn't something
You can rise above
Do you wanna help or
Do you want the shove? You say, you need some action
You say, it's time for a change
When I hear you talkin'
You sound so lame Don't things look different
In the light of day
But if you get nothin'
You got nothin' to say Blue sky's today
You talk about tomorrow like it's just another day
No more to say
Don't tell me, you care then look the other way Mind over matter
If you don't mind it really doesn't matter
Just don't waste my time Mind over matter
If you don't mind it really doesn't matter
You're wasting precious time Say, you've got the answer
You know what to do
You're such a fancy dancer
Who's payin' you? There's such a fine line
Between love and hate
You won't know the difference
Till it's too late Blue sky's today
You talk about tomorrow like it's just another day
No more to say
Don't tell me, you care then look the other way Mind over matter
If you don't mind it really doesn't matter
Just don't waste my time Mind over matter
If you don't mind it really doesn't matter
Just don't waste my time What's the problem
You say, you care
When I try to call you
You're not there This isn't something
You can rise above
I hear you talkin'
But it's not enough Blue sky's today

You talk about tomorrow like it's just another day
No more to say
Don't tell me, you care then look the other wayMind over matter
If you don't mind it really doesn't matter
Just don't waste my timeMind over matter
If you don't mind it really doesn't matter
You're wasting precious timeMind over matter
If you don't mind it really doesn't matter
Just don't waste my timeMind over matter
You're wasting precious timeMind over matter
Just don't waste my timeMind over matter
You're wasting precious timeMind over matter
