

Till It Shines on You

David Crosby

What does it take to getcha
To admit it?
How much light
Till it shines on you?How much did she betcha
You couldn't get it?
What does it signify
When it lands on you?They will tell you you're a loser
They'll stone you in the street
Makes you kinda wonder
'Bout the people you meet, yeahThere's a telegram they send ya
To tell you that you won
And now, your life is gonna
Suddenly be funIt's a piece of empty paper
It's a piece of empty pie
It is a vision of illusion
It will surely pass you byAnd I don't know what to tell ya
I haven't got a clue
I don't know why people
Do the things that they do, no, no, noWhat does it take to getcha
As confused as me?
And how much information
Is gonna finally set you free?What does it take to getcha
To admit it?
How much light, baby
Shines on you?How much light
Till it shines on you, yeah?
How much light
Till it shines on you?How much light
Shines on you?
