

# Time For You To Stand Up

## Twin Atlantic

You say you want distance from me,  
Well donâ€™t stand so close,  
'Cause thereâ€™s no where else that youâ€™d rather be,  
Surrender Render to the facts that donâ€™t relate,  
Iâ€™ve seen the light and it guides me to the change change.

I did it all so you could be,  
Away away away,  
Away from me  
I need you to,  
Believe believe believe,  
Believe in me

Youâ€™re like a car when thereâ€™s ice on the road,  
Yeah out of control you suffocate me,  
So that I had no hope,  
And then some,  
Then some, I only laugh when I think of your face,  
Iâ€™ve seen the light and it guides me through change.

I donâ€™t think I was talking to you  
I donâ€™t think I donâ€™t think I donâ€™t  
I donâ€™t think I was talking to you,  
I donâ€™t think I donâ€™t think I donâ€™t think.
