Buildings And Bridges

Ani Difranco

Buildings and bridges are made to bend in the wind
To withstand the world, that's what it takes
All that steel and stone is no match for the air, my friend
What doesn't bend, breaks, what doesn't bend, breaks
We are made to bleed and scab and heal and bleed again
And turn every scar into a joke, we are made to fight
And fuck and talk and fight again
And sit around and laugh until we choke
Sit around and laugh until we choke
I don't know who you were expecting
Probably some bitch who does not budge with eyes, the size of snow
I may get pissed off sometimes
But you seem like the type to hold a grudge
And in the end, I just let go
Buildings and bridges are made to bend in the wind
To withstand the world, that's what it takes
All that steel and stone is no match for the air, my friend
What doesn't bend, breaks
